**Salary**

€ depending on experience

**Role overview**

We are looking for a junior creative, to become a full-time member of our Amsterdam based team.

The right candidate should be ambitious and not afraid of exploring unknown territories – someone with an interest and understanding of retail, design and social media platforms.

We are not a traditional creative agency – our work bridges the bigger strategic thinking with the finer craft and nuance of design which we deliver across many different platforms, no two projects are the same – so a flexible attitude and skill set is a must.

Our clients include Nike, Converse, Sonos and Patagonia (to name a few), so we are looking for someone who keeps their finger on the pulse and knows what's going on in the world of design, youth culture, and the world in general – anything that could inspire or inform us to do things differently.

We are after an ambitious individual that's eager to learn and work in collaboration with our friendly design teams all the way from idea generation, to design and artwork. You will have 1-2 years experience in a design studio/agency and will be looking for a long term position in which you can develop your broad set of skills.

---

**Creative Responsibilities**

- To support our senior design team on all aspects of the creative process.
- You will be given smaller briefs that you will be solely responsible for (but you will of course have support by more senior members of staff).
- You will be welcomed as a member of the team, with the aim of you becoming an integral part of the international business.

---

**Essentials**

- Broad range of developing skills, from digital design to 3D - you will be confident working across a broad range of projects
- We expect you to have knowledge of the major Adobe Creative Suite programmes and Google SketchUp
- A sensibility for typographic/graphic form and balance
- Eager to learn and develop new skills and learn new software
- Up-to-date with the latest social media and cultural trends
- Understanding of pixels oriented design e.g. website design, assets etc.
- Able to manage your own time
- Happy to work in a team environment and autonomously
- Have good attention to detail
- Amsterdam based, preferably with understanding of the Dutch language

**Amsterdam**

**Salary**

€ depending on experience

**Additional Considerations**

- A desire to explore the relationship between people, designed objects and experiences.
  - A passion for the communicative potential of physical and digital experience.
  - Any other skills that you can bring to the table and add to the mix of talent we support here would be well received (animation, illustration, photography, coding, film-editing, art-direction, copywriting, singing...)
- 

**Studio Responsibilities**

- Keep your "stuff" neat and tidy, post on the studio Instagram account (when needed), take care of the occasional tea round and be part of our social activities.
- 

**How to apply**

- Send your CV, examples of your best work, with an outline of your contribution to any project example and a short cover email detailing your suitability for the role to [hallo@harrimansteel.nl](mailto:hallo@harrimansteel.nl)
- Ensure your name followed by 'Junior Creative-Amsterdam' are in the email subject line.
- No agencies or recruiters please.
